

PRODUCT CATALOGUE SOUTH AFRICA

Wyda is the **leading foil container manufacturer** in Brazil and Southern Africa.

OUR IMPACT

How **Wyda** impacts other lives

We are part of the routine of millions of people who use Wyda products every day in their homes and businesses. Our solutions are built on responsibility, respect and safety.

A **proud** history

Our products were created with the mission of being **versatile, practical and essential** in people's lives.

The Wyda product line is present throughout the country and in several countries abroad, since its operational infrastructure and production and distribution logistics ensure supply capacity. We are the first aluminum disposable packaging company to be ISO 9001 certified. The Quality Certification consolidates the brand's differential, guaranteeing the consumer a system that is reliable at all stages and prepared to meet the globalized market and its demands. Before it reached your hands, long journeys were conquered:

1992

**HERE BEGINS
OUR JOURNEY**

PRINTING OPTIONS

Private label & printed lids

Printing on Containers

Full-colour printed foil lids give instant flavour and brand recognition, achievable on virtually any container subject to MOQ and artwork development.

Ready-made generic flavour prints available on:

1091 · 2001 · 5091

Coated Smoothwall

A food-safe coloured coating adds a premium finish and shelf standout, an easy way to differentiate your range without a fully custom-printed lid.

Printed Board Lids

Custom-printed using inks approved for indirect food contact, on FSC-certified board. The FSC logo can be included in the artwork on request.

PRIVATE LABEL OPTIONS

Your brand, our manufacturing

We manufacture private label household foil, cling film and baking paper, as well as retail pre-packs, in your own branding, trusted by major multinational and local retail partners across South Africa. From packaging design through to production, we partner with you to bring your own label to market with the same quality and reliability as the WYDA range.
